## What is ROAMpay?

ROAMpay is an exciting solution for mobile processing. It provides Merchants the ability to use a mobile phone to accept all major Credit Card brands (VISA, MasterCard, Discover, and AMEX).

Additionally, by purchasing an inexpensive card reader the Merchant will be able to accept mobile payments and experience lower risk and better rates by swiping transactions instead of key-entering them. ROAMpay is a cost-effective, PCI DSS compliant solution for Merchants that need a mobile payment solution.

ROAMpay is compatible with over 200 types of phones across all major carriers and this device is a fit for most Merchants!

### Features:

- Quick installation of ROAMpay application to phone
- No expensive equipment to purchase
- PCI DSS compliant
- Ability to email receipts to customer
- Reverse phone number lookup
- Upgrades are automatically sent to phone
- All users have access to myROAM

### Pricing:

In addition to the existing Processing Rates and Fees the Merchant is paying, the following ROAMpay fees will be assessed:

- |                               |         |
|-------------------------------|---------|
| ■ One-Time Account Setup Fee: | \$49.00 |
| ■ Monthly Access Fee:         | \$18.00 |
| ■ Per Item Fee:               | \$0.15  |
| ■ The ROAMpay Swipe:          | \$99.00 |

### ROAMpay Swipe – A Magnetic Card Reader

To qualify for lowest rates possible and reduce the risk of fraud  
always use a magnetic card reader.
